

# Is Your Childs' School safe?

**Quarantine?** Has your child been Quarantined at his or her school YET because of the SWINE FLU? It is happening in schools all over the country. If you are the:

- Mayor
- City council member
- Town council member
- School district member
- Principle
- Teacher
- Parent
- Student

Swine Flu  
(H1N1 Virus)

## You NEED peace of mind!

We are experts in the field of mold, infectious organisms such as type A influenza and B influenza, SWINE flu (H1N1) MRSA, C-Diff, SARS, and hundreds of other living infectious organisms.

We at Spore Buster Inc. are experts when it comes to emergency outbreak response. Our Nationwide teams can mobilize within a few hours after an outbreak. Not unlike an E.M.S response team our employees are standing by at a moment's notice in most major cities if such an outbreak occurs. Our rapid response team members have the tools, resources and capabilities to handle an H1N1 (Swine flu) outbreak of any size in any institution. We have a disaster readiness protocol in place and specific protocols for any and every major outbreak. We have the ability to mitigate any outbreak in most cases four to eight hours thus providing limited disruption to business or education.

**SPORE BUSTER'S' PATENTED FORMULA  
BECOMES 100% BIODEGRADABLE AND ALSO  
BECOMES INERT JUST A FEW HOURS AFTER  
APPLICATION**
